

# McKesson Room Turnover Kits

Improving operational efficiency  
and patient outcomes

## McKesson Room Turnover Kits

From setup to cleanup, McKesson Room Turnover Kits help improve operational efficiency in your surgical suite and offer cost efficiency for many surgical procedures. The disposable components can help improve turnover time and infection control in the operating room.

## The Power of Antimicrobial

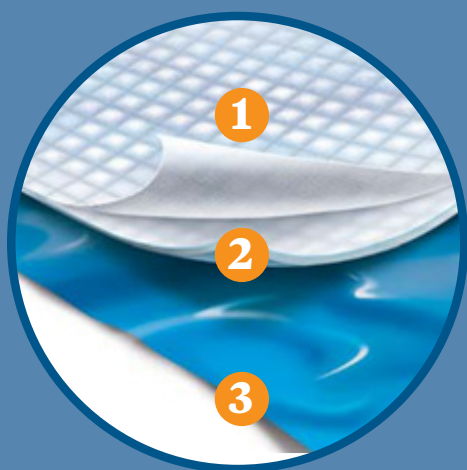

McKesson's antimicrobial disposable table sheets, arm board covers, and headrest covers are proven 99.9% effective against MRSA, CRE and E.coli<sup>1</sup>. Our products help you protect your equipment, but more importantly, help minimize the risk of healthcare-associated infections.

### Did you know?

*Nearly 2 million cases of healthcare-associated infections (HAIs) are reported every year.\**

## Features and Benefits of McKesson Linens

### Table sheets

1. Quilted, breathable top layer absorbs and minimizes wrinkling to help prevent skin breakdown
2. Super absorbent core for maximum fluid control wicks fluid away from the skin
3. Impervious, antimicrobial backing help prevent bacteria from colonizing on the sheet

### More benefits

- Absorbs up to five liters of fluid
- Less lint than standard reusable linens to help prevent cross-contamination

### Lift/draw sheet

- Supports up to 1,000 pounds of weight in wet and dry conditions

### Arm board covers

- Antimicrobial impervious backing
- Dual straps for added safety
- Straps secured to the cover to help prevent straps from falling to the floor

### Headrest cover

- Antimicrobial impervious backing, help prevent bacteria from colonizing on the cover
