# Safety Scalpels with Protective Sheath

McKesson Prevent® B safety scalpels with protective sheaths are ergonomically designed for better feel and precision with single-hand activation and operation. The protective sheath retracts until blade is fully exposed and ready to use. Upon completion, the protective sheath pushes forward to cover the blade and locks into position.

## FEATURES AND BENEFITS

- Three-position design to protect, use and dispose
- Designed to lock into place in use and disposal positions
- Disposal lock status indicator enhances security
- Clear shield protects against injuries before, during and after use
- Blade size is etched on the blade and clearly marked on the color-coded handle for easy identification
- Not made with natural rubber latex

MFR#	ATTRIBUTES	BLADES	QTY
